To Whom It May Concern:

I confirm that I have dealt with Breakaway Tours since 1986, during which time they have provided business to 12 hotels that I represent in Daytona Beach. Their business during Spring Break, May & June has a major affect on hotel budgets. Breakaway Tours is probably the most ethical student tour operator that I work with. They are truly professional in every aspect of the business. Very few tour operators leave on-site staff during Spring Break and it is a pleasure knowing that there is personnel for the hotels to work with in case of problems.

I highly recommend Breakaway Tours and I look forward to continuing to work with them and welcome their students to any of our Daytona Beach hotels.
